“WHISPERS BENEATH HOLLOW SKIES”

HE WALKS WITH DEATH.

SHE SPEAKS WITH STARS.

TOGETHER,  
THEY END WHAT  
PRAYED TO SURVIVE.

PAGE 1 — THE WHISPERS

*They feared him  
because monsters did.*

That's  
Vaelhart...

The Hollow  
Knight.

They say  
death walks  
beside him.

They stare  
because they know  
you are stronger  
than they are.

You enjoy this  
too much.

I enjoy watching  
lesser things  
recognize what  
belongs to me.

?!

endure.  
survive.  
rise.

Breathe.  
You're safe.

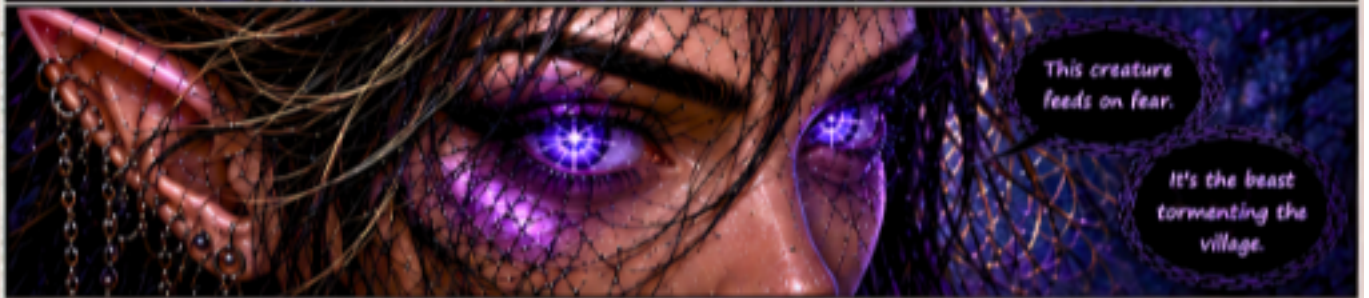

Can you sensed it? It's hunger for fear is so strong.

And this thing?

Fear echoes loudly in the Hollow.

Hungry and powerful.

This creature feeds on fear.

It's the beast tormenting the village.

Hollow Queen...

Then it dies here.

That's my warrior.

Can you sense it? It's hunger for fear is so strong.

And this thing?

Fear echoes loudly in the Hollow.

Hungry and powerful.

**KRAAAAASH**

She watched civilization rise and fall. She saw empires built on the backs of the broken, only for kings to call it "progress." She saw the way a single lie could become a gospel if whispered with enough conviction. All of humanity fascinated her.

And yet somehow... his will to be strong and survive eclipsed them all.

Get. Up.

You worry too much.

You are the only mortal thing I have ever feared losing.

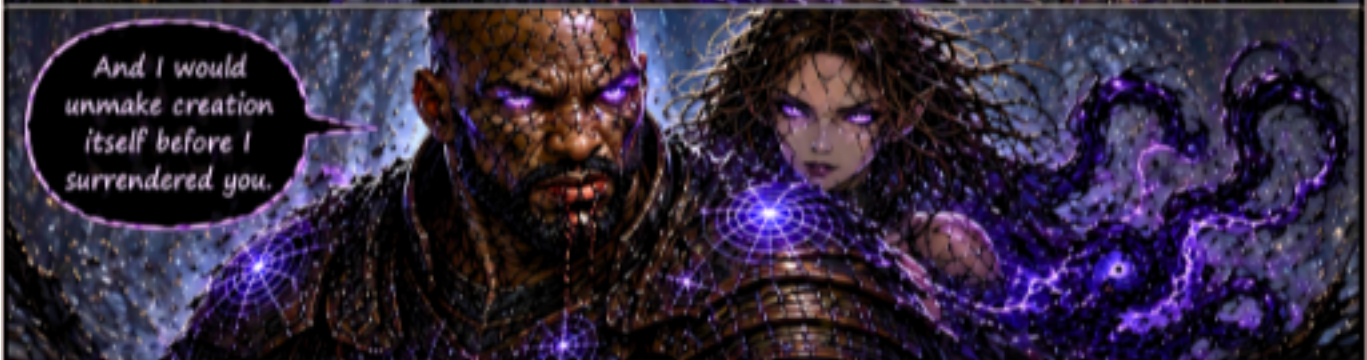

*SHE WILL  
CONSUMES YOU!!*

No.

She chose  
me.

And I would  
unmake creation  
itself before I  
surrendered you.
